Dear valued customers and business partners

Many countries currently discuss procedures to release the tight COVID-19 countermeasures step by step. Still, strict compliance to hygienic and social distancing rules is mission critical as the coronavirus must not be allowed to spread again.

At Seitz, we continue to act fully compliant to the federal recommendations and rules.

We are still 100% ready to deliver.

As all public efforts are now planning to gradually ease the measures in place, it is time to look forward. Our engineering teams are ready to support you valued customers in your efforts to get out of this COVID-19 crisis stronger than before. Challenge us on how we can contribute to your innovation roadmap!

We take the opportunity to say thank you to all our business partners for the ongoing trust in Seitz and the excellent collaboration!
